The amendment filed on 06 April 2005 has been entered and overcomes the rejections of the claims.

Priority

1. Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Taiwan on 21 November 2002. It is noted, however, that applicant has not filed a certified copy of the Taiwanese application as required by 35 U.S.C. 119(b).

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: Regarding independent claim 13, the prior art of record neither shows nor suggest a method of manufacturing a reflecting device comprised of, in part, forming fold lines on a nonconductive substrate, adhering a reflector, then bending at the fold lines, along with the rest of the limitations of the claim.

Regarding independent claim 20, the prior art of record neither shows nor suggest a method of manufacturing a reflecting device comprised of, in part, providing a nonconductive base having a groove and inserting a reflector into the groove in a bent like manner, along with the rest of the limitations of the claim.

nonconductive base having a groove and positioning a nonconductive reflector in the groove, along with the other limitations of the claim.

Due to their dependency, claims 14-19, 21-25, and 27-30 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
